Luiss language requirements for exchange students Luiss student exchange agreements are based on mutual trust in selecting students and language proficiency certified by each home institution.

Students selected for an exchange should be proficient in the language of instruction at the host university. With **most of our partners** we have agreed that language proficiency will be certified by each home university, confirming that the level is adequate. **Students will not be required to submit the results of an official language test for the exchange program.** 

From our partner universities with whom we have not agreed on a language certificate waiver we will require proof of language proficiency for English and/or Italian to study at Luiss.

Non-native speakers of English **or** Italian should provide the following proof of proficiency:

### **Public transportation**

Rome has an integrated public transport network operated by the companies ATAC - Cotral - FS-Ferrovie dello Stato. The system includes a network of metro, bus, tram and metro-type rail service. Bus and tram services (ATAC) cover the centre of the city and the suburbs. They operate from 5:30 am to 12:00 Pm. Night bus service is available from midnight to 5:30 am. Night busses are recognized by the number fol- lowed by the letter N (notturno).

There are three metro lines, A, B and C which connect extraurban and peripheral zones with the center.

- Metro line A runs from Battistini Station, situated northwest of the city, to Anagnina Station in the southwest. Trains circulate from 5:30 am to 11:30 pm (until 1:30 am on Fridays and Saturdays).

- Metro line B runs from Rebibbia station, situated north- east of the city, to Laurentina Station to the south. Trains circulate from 5:30 am to 11:30 pm (until 1:30 am on Fridays and Saturdays).

Metro line C runs from Parco di Centocelle station to Monte Compatri
Pantano Station to the south. Trains

### circulate from 5:30 am to 23:30 pm.

The only station where you can transfer from line A to line B is Termini Station.

A shuttle train called the Leonardo Express, leaving every 30 minutes (from 6:37 am to 11:37 pm) links Fiumicino International Airport with Termini Central Station. The price of the ticket is €14 for one ride.

For information about bus and tram service (ATAC) you can call the number 06 57 003 or check the website www.atac.roma.it. Information can also be found in Tuttocittà, a street map which is issued annually along with Rome telephone directories. You can also ask at any tourist information stand for a free map of the transportation network. Single tickets (£1.50) allow you to use all means of public transportation within the met-ropolitan area of Rome for up to 100 minutes.

Monthly passes cost &35 and last for the calendar month, so we recommend buying them at the beginning of the month.

Note: Single or monthly tickets must be bought before boarding the bus. They can be purchased at ATAC kiosks (at the end of the line), newsstands, tabacchi (tobacco shops) or from automatic ticket machines. Single tickets must be validated when you begin your jour- ney. Validation machines are located at the rear of buses and trams, at the entry gates of metro stations and within the entrance area of all rail stations.

Taxis

Taxis in Rome are quite expensive; charges vary by distance, time of day and extra charges (supplementi). A taxi is, however, the easiest form of transportation for students arriving in Rome at Fiumicino International Airport (average fare about €50). The city of Rome offers a wide range of in-teresting possibilities, thanks to its unique richness of history, culture and art. Visitors will have the amazing opportunity to travel through history while walking on its streets: daily life doesn't just offer superb views of the Coliseum, Fontana di Trevi, the Roman Forum, Piazza di Spagna or the Pantheon, but also hides ancient secrets and modern charms in the narrow streets of the city center.

For information, the best places to make inquiries are the Tourist Information Offices located all over the centre and in the main transport terminals.

### about Rome

Good sources of information about streets, monuments, museums, places of entertainment, commercial activity, and shopping are Tuttocittà and Pagine Gialle. Both are issued along with telephone directories, so you might find one in your apartment.

It is advisable to buy a good map of the city. Another good source of information about what is going on in Rome is Trovaroma, a weekly publication which is given out with the Thursday edition of the newspaper La Repubblica. Many other newspapers offer similar publications (Corriere della Sera, Roma C'è).
